

Three ways to practice.

Tap, type, or speak out loud — the user chooses how to reply. Speak is nudged as the growth path because rehearsing with your real voice builds confidence faster. It's never forced.

A · TAP

Tap a reply

Pick from 3 gentle options.
Easiest starting point for
new or high-anxiety users.

B · TYPE

Type to text

Write your own replies. Lets
you find your own words at
your own pace.

C · SPEAK · RECOMMENDED

Speak out loud

Rehearse with your real
voice — the exposure
benefit is where anxiety
actually shrinks.

01 · Pick your mode
